

Do you know where your local Civil Defence Centre is?

WAIAU AREA COMMUNITY RESILIENCE

In the event of a natural disaster you could potentially be on your own as a community for up to three days...

REMEMBER THE 3 B'S

BE ACTIVE ✓

1. Make sure you and your family are safe.
2. Check your neighbours to see if they are alright.
3. Take stock of what you have that could help others. It may be a generator, a tractor, a spare room or a set of skills.

BE INFORMED ✓

Which resources are available in your community?

What resources do you have in Waiau? Information, skills, gear/machinery, food, shelter... www.northcanterburygetsready.net

What technical support do you have in your community?

Strong social and local presence with both rural and urban fire response operating from the same station. A fleet two appliances, a tanker, a first response vehicle, plus a wide range of other firefighting and communications gear and an increasing capacity for medical response. All for the good of our community. Like to join the team?
