6 December 2024

Far North Solar Farm Limited
c/ Williamson Water and Land Advisory Limited
L Alkamil
PO Box 314
Kumeu 8041

Dear Laila,

Resource consent application – Application suspended by applicant

Consent Number: RC240028
Applicant: Far North Solar Farm Limited
Site Address: 380 Waipara Flat Road, Waipara
Proposed activity: To establish and operate a solar farm

Your request to suspend the processing of your application for a period of 20 working days under section 91D of the Resource Management Act 1991 was received by the Council on 5 December 2024.

This request means processing of the application will remain suspended until **Friday 24 January 2025**.

Any time prior to this date you can request in writing for the suspension to end. If a request has not been received prior to **Friday 24 January 2025**, section 91F requires us to either return the application to you or continue to process the application.

Returning the application means a decision will not be made to either grant or refuse consent. In this case if you still wished to advance your proposal you would need to lodge a new application with us, which would be considered as a new application.

We will be in contact with you before that time to discuss your intentions. In the meantime, if you have any questions please contact me.

Yours sincerely

Nicola Kirby
